And by the same mail comes a letter trom Mr. Albert Wood of Haverhill, Mass, whose likeness appears above, in which he says: "I was troubled with the asthma for some live years, and at times found it very difficult to breathe. I took Paine's celery cour pound, which has entirely cured mn. After taking two bottles I derived grest benefit. I am now nearly 61 years old but can walk as apry sa a young man. I was also troubled about walking; my feet would burn very badly, but that feeling all loft me after taking the compound. I am very smart to day and my friends all apeak of what a change there is in me. They ask me what I have been doing to look so well, and I cell them that I took Paine's celory compound. I have recommended it to a number of my friends, and they are taking it.

Then, what flower 'would not be flattered to see itself transmigrated, as it were, into a green blossom! The most cultured and artistic of our dandles have been waring green carnations all winter. I have seen a blue rose and some that were almost black, but a green flower seems really more unnatural. There are green orchids, to be sure; but orchids must occupy in the floral world the same position that fresks do here. They are naturally weird and excentic. It is their bank ness in life to be unreal and curious. But the carnation, which once beydered our garden walks as a pink has been pushed into prominence of late years. Boulanger probably begun it by choosing as his favorite flower the deep carnation red pink.

He wore it on all occasions and his carriage had a flower embination and the Boulanger Citab engraved its note paper, signed its official documents and acknowledged as its badge the humble but exalted pink. UTITEEL ONLY TO HE 1 STATE OF CO.
